Academic Transcript

Student Details

Family name:	Ge
Given name(s):	Rui
Date of birth:	20 April 2000
Level:	Postgraduate (taught)
Imperial student ID:	02252792
HESA student ID:	
Start date:	01 October 2022
Completion date:	01 October 2023

Award

Award:	Master of Science (MSc)
Awarding institution(s)	Imperial College London
Classification:	Distinction
Overall mark:	70.43
Conferral date:	01 November 2023

Programme of Study

Programme title:	Environmental Data Science and Machine Learning
Department:	Department of Earth Science and Engineering

Module	Year	Mark	Credit
Advanced Programming Methods	2022-2023	74.75	7.50
Applied Computational / Data Science Project	2022-2023	71.85	30.00
Applying Computational / Data Science	2022-2023	68.22	7.50
Big Data Analytics	2022-2023	68.00	7.50
Computational Mathematics	2022-2023	62.67	5.00
Data Science and Machine Learning	2022-2023	81.00	5.00
Deep Learning	2022-2023	73.50	7.50
Environmental Data	2022-2023	64.97	7.50
Inversion and Optimisation	2022-2023	64.15	7.50
Numerical Programming in Python	2022-2023	72.50	5.00

Prizes, Distinctions and Post-nominal Awards

Post-nominal awards: Diploma of Imperial College London
